TECHNICAL PROJECTS

E-Commerce Platform | React.js, Redux, Bootstrap

GitHub: github.com/youssefNabil2295 | Live: e-commerce-nine-phi-10.vercel.app

- Engineered a high-performance multi-vendor online marketplace featuring dynamic product catalogs, multi-criteria filtering, and client-side global state architecture.
- Architected an optimized dynamic shopping cart management system ensuring fluid state updates and rapid client-side rendering.
- Designed a multi-page routing layout leveraging React Router and adaptive media behaviors to ensure absolute cross-viewport responsiveness.

She Clinic Website | React.js, Tailwind CSS, Multi-Page Navigation, UI/UX Design

GitHub: github.com/youssefNabil2295 | Live: she-clinic.vercel.app

- Developed a premium, multi-page web application for a specialized laser and beauty clinic using an advanced custom component ecosystem.
- Formulated a fluid and secure client booking inquiry interface paired with dynamic interactive media galleries to boost user engagement.

- Implemented high-end custom styling layouts with strict visual precision, achieving seamless micro-interactions and pixel-perfect responsiveness.

Menna Ismail Makeup Portfolio | React.js, Tailwind CSS, Responsive Design, CSS Animations

GitHub: github.com/youssefNabil2295 | Live: menna-ismail-makeup-artist.vercel.app

- Built a sleek, highly visual portfolio platform displaying professional brand distribution packages, pricing structures, and media lookbooks.
- Optimized rendering cycles and asset loading, implementing a strict mobile-first architecture to maximize responsiveness on low-end handheld viewports.
- Leveraged modern CSS structures and fluid transitions to create an aesthetic, premium user experience aligned with contemporary design styles..
